TCT Multiprofile Knives IT/33

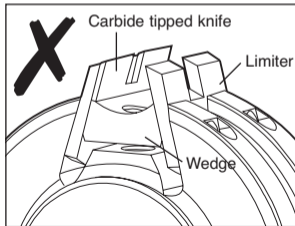

trend[®]
routing technology

INST/IT/MPKTC v1.0

Please
read carefully
before use

TCT MULTIPROFILE KNIVES REF. IT/33_42

When fitting TCT multi profile knives into the cutter blocks, extra care must be taken to ensure that the carbide tip does not touch the wedge.

If the tip touches then please:-

1. Release the locking screws.
2. Insert one spacer between the knife and the wedge.
3. Tighten the locking screws.

Please note:

The wedge should not touch the carbide.
